Alumet Supply offers PVDF-coated aluminum and steel, which carries a 20-year warranty. This PVDF finish has remarkable resistance to exterior weathering, fading, color change, crackling and chalking.

Popular end uses of this product include metal roofing, panel systems, curtain-wall, window systems, canopies, store fronts, fascia, etc. All PVDF colors are available in .040, .050, and .063 aluminum and 24 GA steel.
